Hello Visitation!

Holy week is coming soon! In a few short days we will be celebrating Palm Sunday, and then into the Triduum, and finally to EASTER!

--To help us through Palm Sunday and Holy Week Masses, Missal guides are provided through *Liturgical Press* in a file here:

Some parishes are asking parishioners to place greenery on the front doors to their homes for Palm Sunday. This can be a way to unite us all as we give our special touch to a special day.

--Our Good Friday may benefit from this link that will bring you to a nice Station of the Cross meditation, dedicated for this time of the COVID-19 pandemic. Thanks Rick, for this link!

--To help our Domestic Church grow in God's Love, the Archdiocese of Seattle has provided us with information on being at home with our family. There are so many ideas on this site, something will catch your eye, I am sure of it! See information in this link:

Also through the Archdiocese; the *Easter Egg Story*, to either use as a guide to make your own, or to watch with family. Jeannine and I were going to offer our own version of this on Palm Sunday. We call it Resurrection Eggs, but it is the same unique way of telling the story of Jesus's Passion and Resurrection. Take a look here: <https://vimeo.com/401470179>

Let us offer our hard days with Jesus' hard days of this Great and Holy Week.
