

# Kindergarten Newsletter

December 2020

## Religion

We are reminded during the season of Advent that Jesus truly is the reason for the season. We will discuss the good news of Mary expecting Jesus, His birth in a stable, the presentation in the temple among other important events.

## Language Arts

The upcoming units will focus on the identification and isolation of the following sounds: /k/c /o//d//n/.

Our writing and grammar component will be sentence fluency and adjectives.

We will continue to add more words to the word rings. Please spend 5 minutes each night to review with your child.

## Math

Please continue to review the number cards in your child's folder. We are working on number identification as well as the number before and the number that comes next.

In class, the skills that will be taught are: 3 dimensional shapes as well as identifying and building patterns.

## Growth Mindset-

*Mistakes make a difference.*

### Important:

-Please continue to read the weekly Comet Updates as we enter into a busy month.

-Please wear hats and gloves to school on these chilly mornings as we are often outside.

### Dates to remember:

December 7th - Santa's workshop for Kindergarten

December 18th - Jan. 3rd. School resumes on

January 4th
