

Kindergarten

February Newsletter

Our February Mindset is:

Mistakes are proof I am trying.

Important info:

-Please be sure to be informed of the school's happenings through reading the **weekly Comet** updates (sent to your emails).

Virtual Snow days are held thru the Google Classroom/Meets.

Remember that the teachers can be reached via email and we will respond in a timely fashion.

abonner@jfkatholic.com

aporter@jfkatholic.com

Other important websites: are:

<https://connected.mcgraw-hill.com/school/lq4e>
(Wonders Reading program) The login information was sent home in September with an instruction sheet.

www.jfkatholic.com - The school website has important info as well as our **monthly newsletters** for Kindergarten.

Religion:

The children will be learning about the parts of the Mass. They are participating in the Mass on Fridays at 8:15. We view the Mass on youtube at [wvg1829](https://www.youtube.com/watch?v=wg1829) or attend for our scheduled time in person. We are teaching the children when to sit, stand and kneel reverently. They are learning the prayers as well.

IMPORTANT NEWS:

REGISTRATION BEGINS ON MONDAY, FEB. 1ST FOR THE NEW SCHOOL YEAR. DON'T FORGET TO RE-ENROLL!

Language Arts:

During the month of February, the weekly topics in the Wonder series include: seasons, stormy weather, how to stay safe in stormy weather, and baby animals. The letters and sounds will be: /b/, /ll/, /k/, and /u/.

The target skills for Reading are: decoding skills, high-frequency words (she, was, for, have, of and they), and sequencing skills.

The English lessons will be plural nouns as well as the present and past tense of verbs.

Please continue to review the Dolch word rings as well as log onto the Wonder website. This is a wonderful resource to facilitate further learning.

Mathematics:

The following concepts will be taught: represent subtraction as taking away and taking apart, subtract 1 from numbers 1 through 10, subtract 2 from numbers 2 through 10, subtract 3 from numbers 3 through 10, subtract 4 from numbers 4 through 10, identify subtraction patterns, use ten-frames to subtract from 10, to use a number sentence to solve problems and to count quantities from 10-20.

Some thoughts to share:

* School is a building that has four walls – with tomorrow inside.

* Education without God is like a ship without a compass.

* All of our dreams can come true, if we have the courage.
