- Lorie Loebach is the resource teacher in the afternoons. She has previous experience in sensory and special needs. Next year she will help to push students further if they need to be challenged more.
- Theresa Boston is the "floating" aide in PS4.
- Heather Vanderbough is a new preschool assistant.
- Wanda Schaffer took over Kelly Spencer's position as administrative assistant.

- Kathleen Smart will spend 4 days a week at the elementary school this year. For now she is still 2 days at the elementary and 2 days at the MS/HS until they find someone.

Joe Schmidt update at the MS/HS:

- Filled all positions as of Monday.
- He will send out an email to parents soon.
- In addition to Father Bondy, Bill Boston, Dave Foster, and Dane Wipple, he hired Melissa Vegter (HS math), and Amanda Bruce (9th US History, 10th & 12th English, Journalism).
- Dave Foster and Melissa Vegter will make the math program strong.
- Now he will look for a social worker. His priority was to fill faculty first.
- He is also looking for a full-time Spanish sub for Bethany Ergican (maternity leave).
- *Question was raised on how many non-faculty positions are at each school - Mr. Schmidt will get back to them.*
- *Question was raised about what exactly does a social worker do - They handle bullying, student anxiety, counseling. They do not handle discipline because it would break down the trust they gain with the student. The social worker would follow up if discipline was involved. Guidance office focuses on academics.*
