Re: NBA 2K20 eSports Tournament

Dear Coordinators, Coaches and Parents:

As our children return to school, youth sports are going through some of the same transition issues that our schools are going through as we try to provide a safe environment and a return to a sense of normalcy. With regards to basketball, gym availability has been an issue in some communities, limiting the ability for our children to come together as a community and play with their friends.

Fortunately, technology has demonstrated that there are ways for us to continue to come together as a community to engage with each other, Zoom being one such technology we have all become familiar with the past few months.

eSports is another technology that our children may be more adept at than we are, but our children are coming together virtually with their friends to play games and sports. CYO believes that it is important to have a presence in activities that our children are involved in, thus bringing a values-based philosophy/environment to all that we do.

CYO is sponsoring an NBA 2K20 eSports tournament for boys and girls in 7th grade thru 12th grade. The tournament is available to both boys and girls and tournament brackets will be co-ed. We have enclosed an overview of the tournament in the attached documents. You can register for the tournaments on our website – www.cyoli.org.

Please contact our eSports Coordinator, Bill Regan at Bill@cyoli.org or 516-433-1145 x12. I can be reached at the above phone number and email as well.

Sincerely,

Paul Echausse
