

Thoughts from the Deacon

August 26, 2020

We have received word that Fr. Franks is taking medical retirement and will not be returning as pastor. The official statement from the Bishop will be available by the weekend. **Please respect the privacy of the Franks family, and I cannot stress this enough, do not try to contact Fr. Franks or his family.** It is a difficult time for them and my understanding is that Father is in no condition to interact with anyone at this time. Also, please do not ask Martha; it is not fair to her and she does not know other than what has just been said.

Pray for Fr. Franks and his family. May he receive healing and be able return to the Sacramental duties of a priest, but he will not be returning to us as Pastor. Pray also for a new pastor to be sent to us in the near future.
