True Love

A Work of Art

Each of us is God's Work of Art. We are in progress and God accepts us in our brokenness and seeks to help us discover true love, a love that doesn't use, but seeks to heal and restore our human dignity. It is when we discover our human dignity and the Lord's love that we can then extend ourselves in love to others.

Discover True Love

*Deep waters cannot quench love,
nor rivers sweep it away.*
