

Permission Slip for Personal Safety Training

Each year the diocese asks each parish to provide a personal safety training session for all of students. This training covers issues regarding stranger safety, protecting yourself against sexual abuse and information regarding peer pressure. Each class is shown an age-appropriate video and then has a teacher led discussion on the material that was presented. This year's session will take place in the fall. Reminders will be sent home in the weeks prior to the event. These titles or something very similar will be used. All videos are age appropriate and come directly from Catholic Pastoral Center, Office for Safe Environment.
