

**Be moved to pity, O Lord, at our earnest prayer, and
heal our illnesses of body and soul; so that
experiencing your mercy we may ever rejoice in your
blessing.**

**We beseech you, O Lord, grant us a hearing as we
devoutly raise our petitions to you, and graciously turn
away and mitigate the pandemic which afflicts us;
strengthen those charged with caring for the health
and safety of others; and strengthen the hope and faith
of all, so that all mortal hearts may recognize that you
are Lord of Heaven and Earth, and hold us all in your
loving hands.**

Amen
