Re: Nursing Services

Existing legislation only provides certain nursing services and funding for full-time students in private schools in Grades Kindergarten through Eight. Included in these services, based on available state aid, are the maintenance of student health records, vision & hearing assessments, and scoliosis screening. In addition, your child will receive emergency nursing services for any school-related illness or injury which may include first aid measures for minor cuts or injuries and assessment of vitals signs of acute illness. Due to the pandemic parents must forthcoming about exposure to COVID. Notify the school immediately if you or a primary family member has been exposed. For the 2020-2021 school year, the school nurse is on duty during the hours the school is open.

Please sign the form below and return to my office as soon as possible.

Thank you,

Sharyn Ross
