

Dear Future Kindergarten Superheroes,

Mrs. Weidle and I are so excited to meet all of you this Fall. We hope you all have a safe and healthy summer! Over the Summer, we would love for you to keep practicing the skills you have learned in Pre-k! Practice your sight words, count different objects you may find in any adventures you have, and have someone read to you!

Below you will find the information for the required Summer reading and project.

**The Pigeon Has to Go to School** by Mo Willems

After reading the above required book, each student entering Kindergarten is to complete a project about the book.

-Draw a picture of Pigeon on how he felt in the beginning of the book and then draw another picture of pigeon of how he felt at the end of the book.

-Color and cut out the school bus. Fill the windows of the bus with pictures of your family so we can learn more about our new friends.

You may also read the following books and complete the activities. However, each student must complete the required book and assignment for **The Pigeon Has to Go to School** by Mo Willems

**I Am Too Absolutely Small for School** by Lauren Child

A fun activity, but not required

Before reading, I would like you to complete the worksheet that says "Making Connections Before Reading". What is something you are looking forward to learning about this year in Kindergarten?

After reading, complete the worksheet "All About Me". We learned a lot about Lola in the story. In the circles, draw pictures of things you like. Don't forget to draw yourself in the middle of the page.

**How to Get Your Teacher Ready** by Jean Reagan

A fun activity, but not required.....

Ask your child for any advice they would like to give to Mrs. Weidle and I to help us get ready for the school year. Complete the "How to be a Super Teacher" worksheet.

Some other fun books to check out that we will be discussing in the beginning of the year are:

Pete the Cat Series

Elephant and Piggie Series

There Was An Old Lady Series

Some fun websites to check out over the Summer are:

Coolmath.com

Sarfall.com

Funbrain.com
