CSGK Community,

The CSGK principals along with the CSGK Planning Committee have begun working on a plan to “return to play” for both athletics and extracurricular activities as well as the initial plan for reopening the school. We will work in conjunction with the local health department, the Diocese of Kalamazoo and legal counsel to ensure our plan is safe and sensible. In the next few days we will be sending out information outlining the procedures that coaches, athletes, students and staff will need to adhere to in order to restart activities. For the time being, please be patient as we continue to receive guidance from the MHSAA, State of Michigan Department of Education and others to make sure we abide by all laws and orders as well as keep our community safe.

Yours,
