Flu Prevention at Mass

The flu season generally begins in December, ends in March, and peaks in February. Preventative measures are being recommended for a period of time:

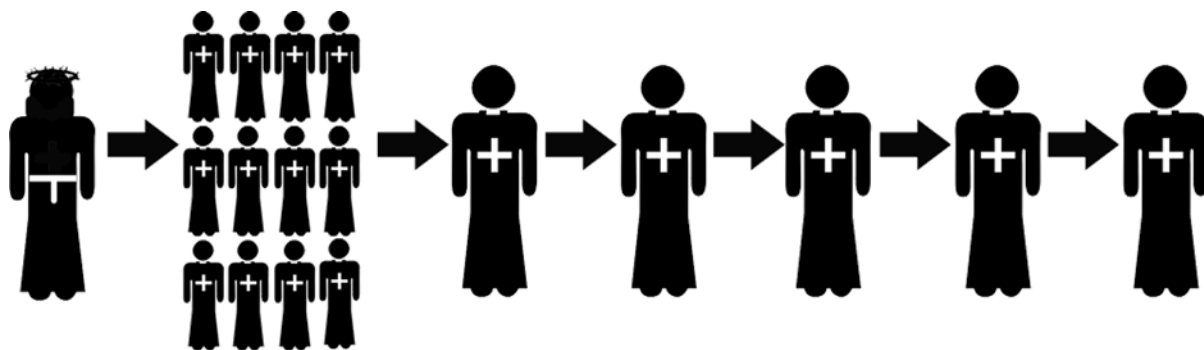

- * Suspend the distribution of the precious blood to the faithful except for those who can receive only under the form of wine.
- * Suspend the sharing of the sign of peace.
- * Encourage common sense flu prevention strategies in the parish: good hand hygiene, avoiding shaking and holding hands, and staying at home and resting if they are sick. Sunday Mass obligation does not hold for individuals who are ill.

“He called them, and immediately they left their boat and their father and followed Him.” MATTHEW 4:22

Just as Jesus called the first apostles, He calls each of us to follow Him, too. Not everyone is called to leave their business or family behind, but we are expected to put God first in everything. Everything from our time in daily prayer, our talent in participating in one of our parish ministries and our treasure to support the financial needs of our parish mission.

is when the individual request notification through their family or through signed notification.

Even when in the hospital, patients of the Catholic faith may not receive the Holy Eucharist because of various excuses, mainly not filling out a card that is suppose to be in the room and letting the chaplaincy of the facility know their desires for reception of Our Lord in the Most Holy Eucharist. Please pass this information on especially when faced with hospital treatment for yourself or family members. The clergy willingly go when they are notified. Care for the sick is a corporal work of mercy and as such an expected pastoral exercise.
