

## Sixth Grade Literature Summer Reading

Mrs. Costanzo 703-680-4164

Supply List:

-Marble Composition Book

-Three-ring binder

-Five subject dividers

**-Kleenex and/or paper towels for the Resource Room would be greatly appreciated. Please put them in a separate bag marked with my name so they don't get mixed up with donations to the sixth grade class.**

Dear Parents,

Please do not edit, correct, or change your child's summer work before it is turned in to me. I believe that it is important for your child's growth and helps him or her take responsibility for the work. Thank you for your cooperation.

This summer project is due on the first day of school. A homework warning will be issued for any project not turned in on the first day of school and ten points will be deducted for each day it is late. After the third day, the project will not be accepted and a zero will be recorded for the grade. The summer work counts as a homework and a test grade. Projects may be typed or written on loose leaf.

**Choose either a biography or an autobiography to read.** A biography is the story of a person's life written by another person. An autobiography is when a person tells his or her own life story. Each book must be between 125 and 150 pages long and may not be a young child's book. Parents must approve the book before it is read. Write a report for the book you choose. The report should be at least five paragraphs long. You should include the following in your report:

-Title and author of the book

-Background information on the person's life

-Important accomplishments

-Things the person had to overcome to achieve his or her goals

-People who had an impact on the person's life and what the impact was

-What you learned about life from studying this person and how you can apply it to your own life
