How can Adults and Teens Help?

Group Leaders: We need several group leaders for each grade level. Adults and confirmed teens may be group leaders. Each group will also have teen helpers.

Music and Drama: We have been blest for several years with a great organizer in Anne -Marie Tutela and a group of very talented teens. Anne-Marie's daughter as well as some others are heading off to college in the fall. So, we are in need of some talented adults and teens. If you love to do plays give us a call!

Arts and Crafts: Each day involves a craft at VBS. We need more than one adult for this section.

Daily Snacks: Snacks at VBS are centered around the theme for the day.

Each year we are fortunate enough to have a great group of adults and teens to help make VBS a success. We are so grateful!

Thank you for considering becoming a member of the VBS team!
