

Changing Lives Forever

Breaking the Cycle of Poverty

MENTORS needed

Graduates from the Changing Lives Forever program will be ready to work toward the plan they have created, but will still need help and encouragement as they are making changes in their lives. They will need a Trusted Mentor to offer a listening ear and practical help, someone who can be a cheerleader and a sounding board for ideas and problem solving. *"When individuals who have been in poverty (and have successfully made it into middle class) are asked how they made the journey, the answer nine times out of ten has to do with a relationship ... someone who took an interest in them as an individual."*

FACILITATORS also needed

Participants in the Changing Lives Forever program use materials to help educate us on the rules of work and other skills needed to become economically self-sufficient. We will complete exercises that help us identify not only our own individual strengths and weaknesses but also the strengths and weaknesses of the community. Having this knowledge will be a major advantage toward "getting ahead." A teacher is not needed. But, Facilitators are needed to help make sure that the materials are covered and that everything needed for the program is available.

I am interested in learning about being _____ an Investigator _____ a Mentor
_____ a Facilitator _____ a Prayer Supporter

Revised 17Dec2020

Changing Lives Forever Investigator

Breaking the Cycle of Poverty

St. Vincent de Paul, partnering with Love Chapel, offers a program for individuals ready to start a journey towards change, towards '*getting ahead*'. If you are part of this program, you will better understand yourself and your relationship to the rest of the world -- your family and friends, the police, your neighborhood, the social service agencies, etc. We have partners that offer opportunities (i.e. training, mentors, etc.) beyond our program. Consider joining us because your movement towards a better future will begin in the very first session. You join us as a participant, and you become an INVESTIGATOR as you work within the weekly sessions in a group.

IF YOU CAN COMMIT TO

- 18 sessions, one to two sessions per week for 2 hours (virtual learning)
- being on time and staying for the entire 2-hour session every week
- being an active member in the group
- respecting everyone in the group
- NEVER coming to a session under the influence of drugs or alcohol

AND YOU AGREE TO READ, DISCUSS, AND COMPLETE HOMEWORK ASSIGNMENTS ON

- causes of poverty
- where you are in life now
- identifying your strengths and weaknesses
- your own resources
- community resources
- planning for a better future

THEN WE WILL ...

- provide a healthy snack for every session
- help with technology device / internet connection
- respect you and your privacy
- not push our ideas on you
- support your journey toward changing your life forever.

IF YOU ARE READY, please complete and mail this flyer to:
