

The Holy Trinity

Directions: The objective of the game is to collect the most tokens by answering questions correctly about the Holy Trinity. Place 2 small baskets or boxes on the table to put question cards in. Put the question cards in one basket (the other basket will be for discards). Set an egg timer for a specified time. Place your marker anywhere on the board. Roll the die and move that many spaces clockwise. If a player lands on a space that says "?", the player to their right draws a card and reads the question out loud. (If they cannot read, the teacher or someone else can read it for them). On each card is a question about the Holy Trinity. If the player answers correctly, they receive a token (you can use shamrocks, poker chips, milk caps, etc.). If they are not correct, they do not receive a token. If the player lands on "Return 1 Token", they must return one token. If a player lands on "Take 1 Token" they may take a token from any player they choose. Players must collect as many tokens as they can as they move around the board. Note that the board is set up so you can move around it many times. The game is over when the egg timer goes off. Whoever has the most tokens, wins. Players can also play in teams so they can help each other answer the questions.
