

A uniform code gives each student equal standing among his or her peers, regardless of socioeconomic background. Limited uniform items help staff and students focus on academics instead of constant monitoring and enforcement of the code. We believe our uniforms honor both our families' need for affordable clothing and our desire to create an atmosphere of excellence and pride in our school. Conforming to the uniform code is one of the easiest ways for the students and parents to show their cooperation and support of St. Anthony School.

Our uniform vendors are Sports Image Apparel (SIA) and SchoolBelles.
