

Uniform Pants

We would like to address our [uniform code](#), specifically regarding pants. Our uniform codes states, "Only **khaki or black dress trousers or slacks** are allowed." We have been seeing a trend in students wearing black and khaki jeans, jeggings, cotton knit, or stretch-type pants. These are not considered dress trousers or slacks and should not be worn to school. Pants should be made of a Dockers'-type material (not denim or stretch material) and should not be form-fitting in style. They should not hug the legs or ankles. They also should not have rivets, as jeans do.

Examples of acceptable styles:

Styles **not** allowed:
