

Dear Drama Club-

The Cast is underway! There are 26 students who will be in the STREAM set design. We will also be contacting the rest of the students for costumes, set building, and prop and mask design next month. In addition to this we will be deciding who will be helping backstage, with lights and sound and in the house the nights of the show. Be on the lookout for more information in the coming weeks.

The schedule for February will be posted next week for cast rehearsals. **Student actors and ensemble will only come to rehearsals when called.** Students will get a calendar for the next month the final week before a new month begins. The schedule may change depending on how rehearsals are going. I will let you know that the first 2 weeks of February will be "ALL Cast" because we will work on both music and staging for The Circle of Life, and the Finale which is the whole cast grades 3-8. **Next week** you will see who is called below.
