

PROTECTING GOD'S CHILDREN (PGC)/ SAFE ENVIRONMENT PROGRAM

Program Update (Sept, 2020)

The Diocese has recently changed its background checking and PGC programming information. Everything is currently being handled online at virtus.org. Going forward every volunteer will need to make an account on VIRTUS. This is very easy.

TO CREATE AN ACCOUNT AT VIRTUS, please go to Virtus.org and set up a login and password. You will need your date and location of your PGC training, so if you no longer have your PGC certificate, please call the parish and we will get that information for you.

The Diocese of Joliet and St Paul's are committed to the protection and safe guarding of all youth in our Diocese. We appreciate your time with this mandatory Diocesan programming and your dedication to the ministries of the parish that involve children. Your selfless volunteerism with our children helps shape and mold them as Missionary Disciples of Christ. All volunteers who want to minister with our children are required to have PGC.

Thank you for your patience and help in establishing or updating your account at Virtus.org. Please call Renee Wissel at 815-725-1527 with any questions.
