Banns of Ordination

James Henck is a candidate for the Sacrament of Holy Orders for the Permanent Diaconate. Bishop Lucia formally asks the St. Patrick-St. Anthony parish community to affirm his ordination on Tuesday, July 21, 2020 and to accept his ministry. He also asks that if anyone knows any reason why Jim should not receive the Sacrament of Holy Orders to make such fact known to our Pastor, Fr. Arthur Krawczenko.

They must first be tested, and then if there is nothing against them, let them serve as deacons. 1 Timothy 3:10

Please pray and ask St. Stephen ~ the 1st Deacon and 1st Christian Martyr ~ to intercede for Jim in his final preparations.

ST. KATERI TEKAKWITHA

On July 14th, we celebrate the feast of the "Lily of the Mohawks." St. Kateri Tekakwitha is the first Native American woman to be canonized. Orphaned by a smallpox outbreak, Kateri survived with severe scarring and impaired eyesight. Despite tragedy, she was a devout girl at a young age. When she was 18, she began secret instruction in the Catholic faith with French missionaries. Her commitment to Christianity and vow of virginity was misunderstood and ridiculed. Like St. Kateri, God invites us to be faithful to our commitments of faith and to always respond in love.

Mass Intentions—When we finish with this health-care crisis, Kathy will call all those who scheduled Mass Intentions to reschedule them.

Prayer of Spiritual Communion:

The grace of the sacrament of Holy Communion is available to you through a genuine desire to receive it. After praying the Our Father, please pray the following:

Jesus, we believe that You are present
 in the Most Holy Sacrament.
 We love You above all things,
 and we desire to receive You into our souls.
 Since we cannot at this moment receive You sacramentally,
 come at least spiritually into our hearts.
 We embrace You as if You were already there
 and unite ourselves wholly to You.
 Never permit us to be separated from You. Amen.

Good Soil for Good Seed...

Using the best seeds doesn't always guarantee the best plants. An older Italian gentleman straight from Italy gave me these amazing tomato seeds that he claimed produced the best tomatoes ever grown. Without doubt, the fruit he shared with me was a testament to that fact. These tomatoes were amazing! I couldn't wait until the next growing season to plant these seeds and harvest my own tomatoes. The whole experiment ended up a failure. I did everything the gentleman said, but my fruit didn't even come close. What happened? At first I was perplexed, then some years later the light dawned. The problem wasn't the seeds, it was the soil!

You cannot sow seeds in any old place and in a haphazard way and expect them to be at their best. It doesn't work that way. Planting the seeds is the easiest part. Preparing the soil is the challenge. Tilling, mulching, enriching, and building up the nutrients are all required for good fruit. Then after the seeds are planted, more care is required in order to maintain that healthy, nutrient rich environment for those seeds to sprout, grow, and flourish. God happily sows the seeds of his Word. What do we do with them?

If we expect to be a passive bystander and have good fruit magically grow, we are mistaken. Bearing the good fruit of God's Word requires preparation and work. We have to cultivate the soil of our lives so that those seeds can find a proper home. This one thing alone takes a great deal of patience, time, and effort. What kind of preparation have we put into our lives so that we can be a recipient of God's seed? It takes a great deal of soul-searching and ego-checking to properly prepare. God is the ever faithful and persistent sower. If the seeds do not bear fruit the first time, God will come back time and time again, giving it another try.

If we have created a suitable bed for sowing, then once the seed is sown, we must properly maintain them. What is our maintenance plan for the seeds of God's Word? We need not only a source for water but a watering schedule. We need to weed, aerate the soil, nurture the young plants, protect them, and provide proper nutrients. What does our spiritual maintenance plan look like? If we have done all things well, imagine what the seeds of God's Word could produce in us!
