

Confirmation Service Project and Spiritual Enrichment Guidelines

Christ asks us to help others and use our gifts and talents to meet the needs of others. The community service requirement of this program helps us to put this into practice. In order to live out this service to others, we must be properly nourished ourselves. The spiritual enrichment component ensures that we put into practice good habits of prayer and devotion that will sustain us on our journey as a Confirmed Catholic. You will discuss a plan of action with Fr. Tom for both community service and spiritual enrichment.

******24 credits must be completed******

Outreach/Community Service projects (12 Credits)
