# Easter message

Easter celebrates the victory of light and life over darkness and death. God re-creates and redeems all life from dead and darkness. May we embrace God's ever-new life and light with every cell of our being and every yearning of our soul. After his resurrection, there is no darkness that cannot become light. The powers of darkness remain real, but we now have the choice to die in the dark or live in the light. To choose the light is what it means to be an Easter people. Praise God who brings light out of darkness and life out of death. Alleluia! Christ is Risen.
