Dedication of the Basilicas of Sts. Peter and Paul

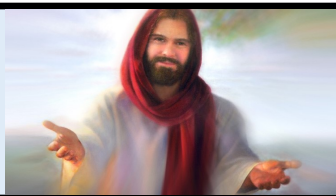

This feast celebrates the dedications of two of the four major basilicas of Rome.

Saint Peter's Basilica was originally built in 323 by the emperor Constantine. The basilica was constructed over the tomb of Peter the Apostle, the Church's first Pope. After standing for more than a thousand years, Pope Julius II ordered the building to be torn down due to structural concerns. The construction of the new church spanned over 200 years before its completion. It was dedicated on Nov. 18, 1626. It is considered the most famous church in Christendom. Saint Paul's Basilica is located outside the original walls of Rome. It was also originally built by the emperor Constantine though it was destroyed by fire in 1823. Donations from around the world made the reconstruction possible. Before the completion of Saint Peter's Basilica, St Paul's was the largest church in Rome. The Basilica was built over St. Paul's grave. Pope Pius IX consecrated the Basilica in 1854.

OUTDOOR MASS

Our outdoor mass last Sunday was a success. There were a few glitches but we are working hard to fix them. This is a project needing changes as we go. It's new for us and we have wonderful people helping us get it up and running. Here are some pictures of last Sunday's mass.

We would love you to join us next Sunday.

ADVENT IS COMING

November 29 is the first Sunday of Advent. We will have advent booklets for you to pick up in the office or at the outdoors mass. We will also have calendars.

It is important during this advent season to prepare for the birth of Jesus in our hearts. With the rising numbers in Covid, we do not know yet what will be open or closed. We will keep you posted on all information we receive. We will continue to work diligently at getting the mass to you in different ways and serve our parishioners.
