

# WEEKLY NEWS

**ASSUMPTION SCHOOL WEEKLY NEWS**  
**October 14, 2020**

Dear Parents and Students,

I hope that everyone enjoyed the long Columbus Day weekend. I know it was nice to have the extra day to work around the house.

In a week and a half, we will hold our annual Jogathon. This is a day that all the kids enjoy. I hope that everyone has turned in their pledge sheets and sponsor sheets. Assumption School appreciates all that you do for not only your kids, but for our school. There will be more information regarding the day of Jogathon coming soon.

Have a great week and enjoy the few warm days left this fall!

Blessings,

Mrs. Olson =)

## Pies and Butter Braids

Our next fundraiser is starting.

You should receive an email with information regarding the sale of pies and butter braids within the next day or two.

Get ready for our  
Jogathon on October  
23rd!

## Please remember these Daily checks:

- Fever (100.0°F or higher) or chills
  - Cough
  - Shortness of breath or difficulty breathing
  - New loss of taste or smell
  - Sore throat
  - Headache when in combination with other symptoms
  - Muscle aches or body aches
  - Nausea, vomiting, or diarrhea
  - Fatigue-when in combination with other symptoms
- Nasal congestion or runny nose (not due to other known causes, such as allergies) when in combination with other symptoms

Please keep your child/ren home if presenting any of these symptoms. Thank you for your cooperation.

## Important Dates:

10/23—Jogathon

10/30—Halloween Dress Up Day (NO COSTUMES)

## FLU Vaccine:

Massachusetts students of all ages (6 months and up) will now be required to get a flu vaccine by December 31, 2020 in order to attend school unless medically exempt, the Department of Public Health announced August 19, 2020. The new vaccine requirement is a step to reduce flu-related illness and the overall impact of respiratory illness during the COVID-19 pandemic. It is more important now than ever to get a flu vaccine because flu symptoms are very similar to those of COVID-19 and preventing the flu will save lives and preserve healthcare resources.

Thank you for your cooperation.
