

# St. Mary School

## Parent Stewardship

To all parents of St. Mary School Students ~

To truly give our students the school experience they deserve, we need your participation in the form of Stewardship (volunteering) for our many events. ALL school families are asked to commit at least 10 hours per school year. You'll have a great time supporting our school while enjoying fellowship time with our St. Mary Family!

Thank you for all you do to help make St. Mary School an exceptional choice. What a blessing it is to have your family involved!
