

Saint Ann School

Where Faith & Knowledge Meet

Good Afternoon -

I wanted to provide a brief update on reopening plans for SAS.

At this time, we are planning to reopen with in-person instruction; this is subject to change based on state and local directives. ALL families will be given the option of in-person or virtual instruction. We will be using Google Meet for all virtual instruction. All classes will also be using Google Classroom from the start of the year.

Lunches will be in class, while not ideal this will help us to minimize touch points and potential contamination areas. We will be scheduling some form of outdoor breaks for all students; this will not be a traditional recess however, it will provide students a needed respite and fresh air. Saint Ann School has ordered masks for all students, all may wear a mask from home or the school provided mask. We also will be using desk guards. Unfortunately, due to demand the orders will possibly not arrive prior to the start of the school year. Once they arrive, they will be distributed/installed.

I ask that you please complete the short survey attached to this email. It will close Sunday at 11:59pm. This will provide us with some guidance regarding return to school. <https://forms.gle/6Z5HvxRjRjSGnZd8>

God Bless,

Salvatore Chiaravalloti

Principal
