Where Faith & Knowledge Meet

Uniforms Update

Good Morning Saint Ann School Families,

Yesterday we had a discussion regarding uniforms. After careful consideration we have decided to allow students to wear gym uniforms on all days, including non-gym days, for the fall. Students will transition back to regular uniform requirements during the winter (November).

We have taken this action based on the cost of uniforms and understanding uniforms are a large investment. We understand there is concern about paying for the full uniform when it is possible that at some point early in the year we will need to return to all distance learning.

I also wanted to update you on timing of the final plan. We are due to send it to the Diocese by this coming Tuesday, July 28. Once it has been approved, we will publish it to all families. The document will guide us during reopening but as circumstances change, we will reevaluate the measures we have in place. After publication, we will set up an email for any questions so that they can be answered in a recorded video.

As always if you currently have any questions or needs please email me.

God Bless,

Salvatore Chiaravalloti

Principal
