

Saint Ann School

Where Faith & Knowledge Meet

Saint Ann School Families –

We officially ended a school year that will not be forgotten any time soon. The last three months have shown the resiliency of our students and the adaptability of the teachers.

I am grateful to all for the hard work, dedication, and communication you have had throughout the distance learning experience.

Last week we celebrated our smallest and largest graduates. The eighth grade will forever hold a special place in my heart for the amazing way they bonded and work through missing many of the typical end of year traditions. I am grateful that we were able to celebrate their diploma drive-up and virtual graduation last week. The virtual graduation is available to view [here](#).

I hope you all are able to take time to rest and relax this summer. At school we have already begun planning and working on next year. During the summer we will typically have office hours of Monday – Thursday 9:00AM-2:00PM.

Enjoy the Summer!

Salvatore Chiaravalloti
