An inherent risk of exposure to COVID-19 exists anywhere people are present. COVID-19 is an extremely contagious disease that can lead to severe illness and death. According to the Centers for Disease Control and Prevention, senior citizens and people with underlying medical conditions are especially vulnerable to COVID-19. Saint John's Church has undertaken precautionary cleaning and disinfecting, and implemented social distancing guidelines to help reduce the risk of exposure. However, Saint John's cannot guarantee that visitors are 100% safe from exposure to COVID-19. Therefore, Saint John's Church recommends that people older than 65 or with underlying health conditions not attend Mass at this time and continue to worship online. Attendance at liturgies is at your own risk.
