March 11, 2021

Dear Santo Niño Parents & Community,

We wanted to reach out and thank everyone for their continued support of our Back to School COVID guidelines this year. It has been a long year of masks, distancing, and missing important activities. With everyone working together and practicing the recommended safety protocol, we have not seen any positive cases at Santo Niño Regional Catholic School.

Spring Break starts on Monday, March 15th. Students will return to school on March 22nd. For those of you traveling over break, while there is no mandate to quarantine after returning, the New Mexico Department of Health (NMDOH) does recommend quarantine for 2 weeks after any out of state travel. We ask you to use your best judgement upon return from any travel to keep yourself and others safe.

You may review the CDC guidelines on travel at:

<https://www.cdc.gov/coronavirus/2019-ncov/travelers/index.html>

and the State of New Mexico guidelines at:

<https://cv.nmhealth.org/travel-recommendations/>

As you travel, please remember to:

- Wear your masks
- Avoid big crowds
- Keep 6 feet distance from others
- Wash hands often
- Avoid touching your eyes, nose, and mouth

Please monitor your health very closely and do not return to school if you are showing symptoms of COVID 19, If you have any questions, you may contact our school nurse, Robert Apodaca, at 505-780-7928, or email [rapodaca@santoninoregional.org](mailto:rapodaca@santoninoregional.org) or Robin Chavez at [rchavez@santoninoregional.org](mailto:rchavez@santoninoregional.org).

Take care and enjoy your spring break.

Sincerely,

Robin Chavez, Principal

Robert Apodaca, School Nurse
