

Just down the street from Ridgmar Mall, on the West side of Fort Worth — not far from Camp Bowie, close to several Churches — **500 babies die every month**. **Five hundred** dismembered in their mother's wombs. It's all very legal. But there is nothing moral about the willful destruction of these innocent lives! Mother & Unborn Baby Care has been helping women in crisis for 37 years, seeing at least 9,000 babies born to Moms who came to us determined to have an abortion. NOW, we are building our new center NEXT DOOR to this killing place as *missionaries* in our own neighborhood! PLEASE help us to bring a place of LIFE and grace to the Moms who are in need—to eliminate the crisis, not the baby! We need *everyone's* help! This is not something just a handful of people can accomplish! Begin by joining us at the benefit concert in St. Patrick Cathedral, where the beautiful music will lift your soul!

Be a missionary for LIFE with us!
