Our site is hosted by eCatholic, which owns and provides the e-commerce platform.

Information about Online Tracking

Some browsers incorporate a Do Not Track feature that signals to sites you visit that you do not want to have your online activity tracked. Tracking is not the same as using or collecting information in connection with a single site. For these purposes tracking refers to collecting personally identifiable information as users move across different sites over time.

How browsers communicate the Do Not Track signal is not yet uniform. As a result, this site may not be able to interpret or respond to Do Not Track signals communicated by your browser.

Employees, Third Parties, and Others

Except as otherwise stated in this policy, we limit access to your personal information to our employees and agents and to the employees and agents of our affiliates and business partners who need the information to fulfill their business responsibilities. We may disclose personal information collected online to our affiliates and to third parties who assist us with the site or with our business. In some cases, this may involve third parties collecting information about your online activities over time and across different sites as well as your information being sent to other countries. By supplying your information on this site, you consent to your information being collected and transferred (including across international borders) by and to us and our affiliates, agents, and third parties as described above.

Security Safeguards

Security is a priority. We review and enhance our security systems and employ appropriate measures to protect personal information collected online

against unauthorized access, disclosure, alteration, or destruction. These measures may include encryption, physical access security, and other appropriate technologies.
