

# Revelation Lesson for Online Workshop of October 11, 2020

## God Is Love

Jesus reveals His Father to us in parables, miracles, prayer, and, most of all, the way He lived His life, and willingly died to save us. Jesus never promises that following Him will be easy, but assures us that He, and His Father, and the Holy Spirit will always be with us

## Scripture Reading

### 1 John 3:1-24

John makes it clear to us that we are children of God, and He loves us so much. John reminds us to strive to be pure and righteous, just as God is. We should obey the Commandments, and love one another just as Jesus taught us. And we will never be far away from Him.

## What Catholics Believe

God's creation is good and wonderful, and is ours to enjoy.

God is always faithful to us; it is we who pull away.

We are free, but called to do good things for those around us, even if we don't want to.

## As a Family Share and Discuss the Following:

1. Do you have secrets? How do you decide with whom you will share them?
2. Think about things that God created. Make a list of things you know He made, because you have seen them. Make a list of fantastical things God has made that you have never seen.
3. Do you know anyone who is perfect? Really perfect? What are they like? What might be their imperfections? Does that make them more or less loved by God?
4. Do you like to be told what to do? Do you like to tell other people what to do? Do you know the Ten Commandments? How can we use them to help us become better people, and strive to be closer to God?

## A New View of the Wonders of God's Creation:

Make a Kaleidoscope from a Pringles Can.

<https://littlebinsforlittlehands.com/how-to-make-a-simple-kaleidoscope-for-kids/>

Fill your kaleidoscope with imperfect pieces of clear plastic, confetti, and glitter. Turn it to reveal amazing colors and shapes. See how things that are broken, and flawed can become so beautiful, just like us. God loves us because we are human beings, and He knows we aren't perfect.
