

That's What Christmas Means

We've set the tree and strung the lights
We've hung the mistletoe
An ornament reminds us of a Christmas long ago
When shepherds on a hillside
Spoke with angels from on high
Who told them of a wondrous gift
Given them that night

Christmas is a love song from God
It's the greatest song the world has ever known
God knew what we needed
Better than we knew ourselves
A baby who would teach us
In a way that no one else could reach us

Christmas means 'I love you' from God
It's the greatest gift the world has ever known
The shepherds and the angels sing
The precious gifts the wise men bring
All in awe, the infant King to see
That's what Christmas means to me

What could be a better gift than the Prince of Peace
To save us all from darkness and despair
What could be a better gift to give back in return
Than to be a light and let love start with me
