Here goes for a few updates for you as summer moves forward.

First, our summer projects are progressing on schedule. Commercial stoves in the cafeteria have been replaced; four classrooms have been painted; restrooms have new sinks, counters, and paint; and the upstairs hallway is getting brightened up with ceiling paint and new light fixtures.

Second, the Walker Road widening, which will require the demolition of our offices, is pretty stagnant right now. We are still awaiting the appraisal figures from the county, after which our own appraisal will be done, followed by negotiating a fair settlement amount. Originally this was forecast to be done by now, but delays seem to be the name of this game! We’ll keep you posted.

Finally, an update on James and Justin, our two parish seminarians. James is doing his summer internship at St. Ann in Grants Pass. He and I have communicated back and forth regularly, and he is having a good summer and likes being out of the Portland Metro area.

Justin has been at Creighton University for a required summer session on spirituality prior to his departure for Rome at the end of the month. He will be here this coming weekend (July 20th) for a send-off blessing at our 5:30pm Mass.

And Dustin, the seminarian interning here this summer, is doing a great job. See his notice in next weekend’s bulletin for his latest offer to enjoy time with you!

Reminder to all youth who are musically oriented: Ken and Mark are hosting a free workshop this weekend after the 11:15am Mass to help integrate more of our young folks into our music ministry. You will be welcomed with open arms and hearts!

Last week, funeral services were held for Eric Santos. Funeral services are scheduled for Marquita Johnson on Monday, July 22nd, at 11:00am. May their souls and all the souls of the faithful departed, rest in peace.

Hello, everyone. Many of you have been asking about when/if we’re going to start offering again the Precious Blood at Communion time. Let me update you.

The short answer is yes, we do plan to start offering the cup again, and soon. Our delay has been due to the need to have in place a system that ensures Communion vessels (cups and bowls) are properly purified and then washed after Mass. After all, if we’re going to offer the Precious Blood, we have an obligation to make sure it is handled with all the reverence and respect it requires.

Since Fr. Dave, Fr. Hans, and I all need to be out on the front porch after weekend Masses, we need someone else present at each Mass who is trained to handle purification duties. Not every Communion Minister is able or willing to do this, due to health concerns and other reasons. Currently, we have sacristans in place at our 8:00am and 11:15am Masses who are trained and willing. We’re still working on the 5:30pm and 9:30am Masses, though I think we’re pretty close.

Those of you who have been waiting eagerly, I would ask you to wait just a little longer. Our plan is to start offering the cup again in September, once we have all of our Communion Ministers back from summer vacations and all of the relevant people trained. Until then, remember that whether we receive from one Species (i.e., Host or Precious Blood) or both, we still receive Jesus, whole and entire.

Thanks for your patience, everyone. Have a great week!

**Youth Musicians Summer Workshops**

*Ken Canedo – kenc@ocp.org*

*Calling all young people going into sixth through twelfth grade this fall!*

Do you play a musical instrument, or enjoy singing solo? Have you ever considered sharing your talents at Sunday Mass? Our Music Director, Mark Nieves, and our in-house liturgical composer, accompanist, and author, Ken Canedo, are offering two summer workshops to mentor young musicians as cantors and instrumentalists, on **July 21st** and **August 18th**! Whether you play the piano, bass, guitar, percussion, flute, violin, or other orchestral instruments, you are welcome and invited to attend. Both workshops will be in the church, right after the 11:15am Mass. To sign up, go to h-t.org/youth-liturgy. You can also talk with Mark or Ken after any Sunday liturgy.

**For What It’s Worth: Thoughts on Faith**

Erin Nieves – erin@h-t.org

“I must return to Paradise. I must recover myself, salvage my dignity, re-collect my lost wits, and return to my true identity.” — Thomas Merton

I first discovered these words by Merton while on retreat at my favorite monastery, St. Andrew’s Abbey in Valyermo, CA. These words were the exact reason why I was there on retreat. St. Andrew’s is my Paradise. The first time I went on retreat there, it was clear that God was expecting me. I saw and found Christ everywhere. I was deeply hungry for an experience of God, and He blessed me with an answer for that yearning. That first retreat changed my whole life and I returned 4 times that first year, to pray and deepen what had begun to change in me.

All of us need a place to re-collect the pieces of ourselves that we have misplaced or forgotten about, especially the part that was created in the likeness and image of God. We have been created for something bigger than this world and are called to be holy. And we can’t do any of this by ourselves!

All of us need to find our Paradise. Essentially, that is the place that we can give our “all”, only to God. It can be as dramatic as a monastery, as beautifully simple as our Adoration Chapel at Holy Trinity, or that quiet place we pray in, in our homes. It is Christ Who is calling us. When we show up, we will know that God has been expecting us and that He’s waiting to welcome us with His open arms!

Have a great week everybody! +

**Climate Change is a reality and we can make a difference!**  
**Tip # 4 — Consider renewable energy for your home**

Solar Power is an energy option for many people. The cost of solar panels has decreased and federal tax credits are available to offset costs. Now might be the time to get a quote to see if you could benefit from solar power — you can learn more from the Energy Trust of Oregon at energytrust.org/programs/solar.

Hydroelectric power makes up the largest portion of Oregon's electricity resource mix, followed by coal and natural gas. With our Renewable Portfolio Standard, half of Oregon's electricity will come from renewable resources by 2040. Will it be enough? Consider registering with PGE for Green Source or Clean Wind now as the transition takes place — visit portlandgeneral.com/residential/power-choices/renewable-power/green-source — and make your voice heard to transition to 100% renewable ASAP.

**National Natural Family Planning (NFP) Awareness Week**  
July 21–27

The dates of National NFP Awareness Week highlight the anniversary of papal encyclical Humanae Vitae (7/25), which articulates Catholic beliefs on human sexuality, conjugal love, and responsible parenthood. The dates also mark the feast of Saints Joachim and Anne (7/26), the parents of the Blessed Mother. You can download copies of the “Faith and Perseverance” Novena to Saints Anne and Joachim at usccb.org/issues-and-action/marriage-and-family/natural-family-planning/awareness-week/upload/Sts-Anne-and-Joachim-Novena.pdf.

NFP extends the mutual care of the woman’s fertility into the faithful and live-giving love of man and woman in all aspects of their marriage. There are two NFP methods taught locally:
- Creighton Model Family Care Services  
  Natalie Kiefer — natalie.a.kiefer12@gmail.com
- Symptopro Fertility Education

Ahhh, summertime. A time when parents go crazy trying to keep the kids occupied, and kids do their creative best at finding ways to demonstrate the futility in that effort. For many there are vacations and bar-b-ques and good times with family and friends. Summer should be, in fact, a time to find some relaxation and to recharge before the rains return in the fall.

Unfortunately, that is not the case for many in our area. This time of year the families with Beaverton School District (BSD) students who have been receiving breakfast and lunch at school now have to find a different way to get their children fed. Hunger takes no holiday. For these families basic necessity choices get a little tougher. Spending more money on food now means less for other things. Put gas in the car so you can go to work or pay the electricity bill? Wear that pair of shoes with a hole in the sole a little longer or buy the medication you have been prescribed for your heart disease or your child’s diabetes? Pay your car insurance or drop it so you can make this month’s rent? All real conversations I have had with many that only increase this time of year.

Then there are the homeless students who might not have family there to help them. At the end of the school year (the latest report I have is from May, 2019), there were 2,473 students within the BSD who met the homeless classification criteria. While 2,128 of those were living in a shared situation, 118 had no shelter at all. If they were lucky, they had a tent or a car to sleep in. Alarmingly, 530 of these kids were too young to attend even kindergarten; 371 were unaccompanied youth, meaning they were living without a parent or legal guardian.

As always, we will do all that we can to support these students and their families. For those of you who so generously bring food donations and place them in the large bins, thank you! Microwavable/heat ‘n serve type items are especially appreciated so that the children can easily prepare their own lunch. Please say extra prayers for all of those dealing with food and housing insecurity.
