

## **Supply list for 8th Grade ELA Coach Meischen**

Pens and pencils

A highlighter

A green, purple, orange, or red grading pen

1" Binder (or whatever size you have on hand)  
You could buy a binder like [this](#), or one similar.

8 dividers for binders

Dividers like [this](#) will work, but you can choose whatever type you like best! You could also craft some of your own, just leave space to write on them as a tab.

Notebook paper (if you have half a pack left over from last year, you can start with that!)

### **Here are some items you will need at some point during the year:**

6 folders with brads/prongs

[This](#) pack is available on Amazon, but I have found them for \$0.35 each at HEB. They do not have to be plastic. Paper works just as well! You will only need these one at a time throughout the year.

Various novels- Usually I offer to buy them in bulk and you can buy them at school. I will give you notice before we start the novel in case you already own the novel, or would like to purchase it on your own. I do suggest using the same edition, so page numbers are consistent.

Depending on projects that we do during the year, other items might be requested at that time such as: scissors, glue, notecards, poster board, shoe box etc.

## **Supply list for English I Coach Meischen**

Pen(s) and pencil(s)

A highlighter

A green, purple, orange, or red grading pen

1" Binder (or whatever size you have on hand)

If not, you could buy a binder like [this](#), or one similar.

8 dividers for binders

Dividers like [this](#) will work, but you can choose whatever type you like best! You could also craft some of your own, just leave space to label them.

Notebook paper (if you have half a pack left over from last year, you can start with that or you can carefully tear notebook paper out of an old, half-used notebook)

### **Here are some items you will need at some point during the year:**

6 folders with brads/prongs

[This](#) pack is available on Amazon, but I have found them for \$0.35 each at HEB. They do not have to be plastic. Paper works just as well! You will only need these one at a time throughout the year.

Depending on projects that we do during the year, other items might be requested at that time such as: scissors, glue, notecards, poster board, etc.

## **Supply list for Yearbook Class**

### **Coach Meischen**

- an openness and willingness to learn new skills rooted in technology
- extra time to attend some school events in which you are not a participant
- a “doer” mentality
- an “I can figure this out by using resources, and I will not expect anyone else to do my work for me” mentality
- a notebook (I highly suggest this be an old one with used pages torn out) OR a folder with some notebook paper in it

## **Supply list for Career Preparation Coach Meischen**

Pens and pencils

A highlighter

A green, purple, orange, or red grading pen

1" Binder (or whatever size you have on hand)  
You could buy a binder like [this](#), or one similar.

8 dividers for binders

Dividers like [this](#) will work, but you can choose whatever type you like best! You could also craft some of your own, just leave space to write on them as a tab.

Notebook paper (if you have half a pack left over from last year, you can start with that!)

Note- other items might be required later in the year such as: scissors, glue, notecards, poster board, etc. I will let you know what is required prior to beginning the unit or project.
