

Greetings from 3<sup>rd</sup> Grade!

This week we will be starting our spelling study, which includes homework practice and spelling tests.

Each month they will be given a Spelling Contract with different spelling practice activities (some are worth 5 points, others 10).

**Students must complete AT LEAST 2 activities from this contract a week in order to get a 100 for their weekly practice grade.**

They will complete these activities in their Spelling Journals and turn them in on Friday morning to be graded. Please make sure your student includes the TITLE of the activity and the DATE they complete it.

Once an activity has been done, please color or shade in that box (NOTE: some activities require a parent/guardian signature as well).

At the end of each month (every contract has the DUE DATE listed at the top) these contracts are turned in for a grade.

Please pay attention to the **monthly goal** as well (the number of points needed by the end of the month, listed at the top of each contract). Students must reach this goal by the DUE DATE listed in order to get a 100.

Students are given Spelling Journals to help keep their work organized, and they are given Spelling Folders to keep their contracts and their weekly spelling list. Third Grade is a very important year for students to develop their study and organizational skills!

Thank you and please let me know if you have any questions!

Thanks,

Nikki Savage
