

## SUMMER 2020

### Assignments for Students Entering Grade 2:

✝ Pray every day. Try prayers that you've been taught, and prayers that you make up. Pray for people you know. Pray for people you do not know. Tell God you love Him and thank Him.

☀ Spend time having fun outside as much as possible.

📖 Read 15-20 minutes each day. Read inside and outside. Read to yourself and to someone else. Ask someone to read to you.

✋ Think about numbers. Add and subtract numbers. Count as high as you can; count backwards; skip-count.

😊 Make someone smile.

✎ Practice using your best printing at least once a week. Maybe practice old spelling words. Make lists. Write stories, jokes, or notes. Write with sidewalk chalk, sand, shaving cream, a paint brush, or anything fun.
