NEW! With your annual renewal you will have access to our online Learning Management System, PATHFinder!

PATHFinder Overview

PATHFinder is a Learning Management System, or LMS for short, that stands for all the following:

- **LEARNING**, because you'll be learning ParishSOFT software through specific online courses.
- **MANAGEMENT**, because it helps you keep track of what you've learned and what you still need to learn.
- **SYSTEM**, finally, the word system is just a fancy word that translates to "software".

PATHFinder Benefits

ParishSOFT's PATHFinder is an LMS that will allow you to complete a set of courses based on your individual training needs, at a time and pace that fits your schedule.

- There are tools such as assessments to help you reinforce what you have learned and measure your **comprehension of the key concepts**.
- There are some predetermined **learning paths**, based on your role. Users may also take additional courses from the course library that will support their use of ParishSOFT.
- A user's first online course will be our **PATHFinder Overview** which will teach you how to use the PATHFinder LMS and get the most out of your ongoing online learning experience.
- **Monthly topical Q&A sessions** will be offered for users that have completed courses, to answer questions that may not have been answered by the course content.
- Content available for **Family Suite** and **Accounting** as well as for **Parish** and **Diocesan** users.

We are confident that PATHFinder will be a valuable tool to help you be successful with the ParishSOFT applications you use and invite you to get started on your journey to success today!
