What we are most grateful for in this blessed gift of life?

Most of all the true meaning of LIFE. Living in Him, for Him, and through HIM!!

Over the years we have seen and heard so much coming from everywhere that we cannot help but to look back and be thankful for where we are today. Truly praising, thanking, and adoring HIM!! There is no better way than to see Him in each of you. Thank you on behalf of RLM, and your Diocese.

Married Love and the Gift of Life

Getting married. What a blessed and hope-filled time. Men and women considering marriage yearn for certain things. They want to be accepted unconditionally by each other. They want their marriage to be filled with love and happiness. They want a family. In short, they want their marriage to be a source of joy and fulfillment their whole life long.

God’s plan for marriage, from the time he first created human beings as male and female, has always included all this and more. The desire and ability of a man and woman to form a lasting bond of love and life in marriage are written into their nature. In the Rite of Marriage (1969) a man and woman are asked if they will love one another faithfully and totally—in short, if they will love as God loves. “Have you come here freely and without reservation to give yourselves to each other in marriage?” asks the bishop, priest, or deacon. “Will you love and honor each other as man and wife for the rest of your lives? Will you accept children lovingly from God, and bring them up according to the law of Christ and his Church?” These are different ways of asking the same basic question: Are you ready to accept this person, and all that may come from your union, completely and forever?
