Our program offers the children an enriching start to their educational years. Our goal is to provide each child with a Preschool Program promoting cognitive and social excellence and a setting to grow in self-esteem and develop independence. Based on the knowledge of early childhood development and learning, our focus is on active engagement to foster Kindergarten readiness and social excellence, and a love of learning for our preschoolers. Also, to continue to grow in awareness of how God has made each child special and unique.

We include in our program:
