

Deacon's Beacons

June 10, 2019

Every good gift and every perfect gift is from above, coming down from the Father of lights with whom there is no variation or shadow due to change. Of his own will he brought us forth by the word of truth, that we should be a kind of firstfruits of his creatures. James 1:17-18

We are the first fruits of creation. That means that all use has been created for our use. But that also carries an obligation to use those resources responsibly. We cannot squander what God has provided for us. But that also means that we do have a right to make good use of those resources. Environmentalism is very consistent with Christian beliefs as long as it is viewed moderately.
