Our God is in the heavens;  
he does all that he pleases. Psalm 115:3

God is All Powerful. So why does He not interfere with the natural world? That is a very good question. We see so much suffering at all times and particularly now with the pandemic. God did not cause the pandemic. God allows bad things to happen because we have free will and sin still exists in the world. The Death and Resurrection of Jesus has overcome the effects of sin but it did not remove the tendency to sin. The grace of God will help us in that area but we must freely choose not to sin. We must live with the effects of sin and the broken world. But with God, we have hope that we will be delivered in the way that God sees as best.

Go raibh síocháin Chríost a bheith in éineacht leat.
