

Deacon's Beacons

December 18, 2020

Now faith is the assurance of things hoped for, the conviction of things not seen.
Hebrews 11:1

If you need empirical data in order to believe then you do not have faith. Too many people have decided that if they cannot prove something through science, it cannot be true. But that is absolute nonsense and the height of hubris. Why do we think that we are supposed to understand and prove everything? Do we think that we are God? It is important to remember that God is God and we are not.

Go raibh síocháin Chríost a bheith in éineacht leat.

Deacon Mike
