

## Deacon's Beacons

September 29, 2021

So we can confidently say,  
"The Lord is my helper;  
I will not fear;  
what can man do to me?" Hebrews 13:6

With God all things are possible. And with God we can do all things. But that does not mean that we should be treating God like some sort of genie. God can do all things but it is unusual for God to intervene directly in the physical course of events. That does not say that He has not, does not or will not do that if He desires. But God has equipped creation with what is necessary for its good. Just look at medical advances over the years. The talents that wrought those discoveries were gifts from God. So, in a sense, those are genuine miracles, God stepping into the world. Confidently rely on God for what you need and allow Him to work in your lives.
