

Circle of Grace

Dear Parent,

Circle of Grace curriculum is designed to be taught in education and formation settings while honoring parents' crucial and inherent role for the safety of their children. This partnership between you and parish/school provides a strong and secure safety net for all youth and helps empower them to make safe choices.

Due to this uncertain time, we are asking you to teach this important lesson at home. This verification form assists your diocese in their commitment to provide the needed safety training.

It is our hope in the near future, to be able to assist you in catechizing your children and keeping them safe. You and your children are truly missed!
