

Dear SKS Families,

The rules and regulations are put in place for the safety of all children.

Morning Arrival

When dropping off children in the am there are two lines. One line is for the children in grades Pre k3 til grade 2, who get dropped off at McBride Hall. Please be careful with the children and adults walking in the yellow lines. The second line is for the drop off for children in grades 3 through grade 8 parents to make their way over to the rectory side to drop off the children in the driveway.

Parents are invited to park in the church parking lot and walk their child/ren to McBride Hall or the front of the school.

The doors close at McBride Hall should close at 7:50am. When I am there I stay a little longer. However, there are times that I am not available to get there, I try and send someone to wait. This is a courtesy for you. Please try to be on time.

There is to be no stopping on Frankford Avenue to drop off children.

After School Pick Up Church Parking Lot

No one is to move their cars until all children and adults are at their cars. There is only one way to exit and that is around the church to the light. I appreciate the adults who are in compliance with this regulation. Some adults have taken upon themselves to have their own way out on to Grant and Frankford Avenue.

I do my best to provide safe procedures when dealing with our children. I need all to cooperate with the rules and regulations. If you are not the one dropping off or picking up your children, could you please share my concerns with them.

Lastly, please be mindful of your speed when in the church parking lot and exiting.

Respectfully,

Mrs. Tanghe.
