

*A Warm Welcome from your SKS Home & School Board*

Welcome back to the 2020-2021 school year and a very special welcome for any new parents to our SKS community! Our Home and School Board hopes that everyone had a fun and relaxing summer. We are looking forward to yet another fun-filled school year for your children here at SKS. With all of the new guidelines, things will look a little different this year however we are still going to make it fun! Our 2020/21 H&S Board will work to keep the connection between parents and school strong while building in some fun, safe activities for our student and their families!

We thank our previous board for their two years of outstanding service! They surely will be missed. This year there will be no official board officers. Our board for the 2020/21 school year will be made up of various faculty & parent volunteers. If you are interested in volunteering, please email us at [skshomesch@gmail.com](mailto:skshomesch@gmail.com)

Home and School Memberships will be \$5.00 per family. We have decided to reduce it this year since we anticipate the amount of activities may be reduced. Memberships are required in order to attend or participate in any Home and School activities, events, and dances. Remember that this money goes right back to your children! Return the below portion to purchase your membership
